## ***Cooling Fan Assemblies***

### **We Cover It All!!**

As a leader in the aftermarket parts industry, Four Seasons offers over 200 new cooling fan assemblies to our line that meet and exceed today's OEM standards. For 2008 we will be introducing an additional 100 SKU's for one of the most complete lines in the aftermarket! Four Seasons offers the best coverage for both domestic and import vehicles.

Our line includes cooling fan and condenser fan assemblies. All of our assemblies provide quiet operation and dependable performance. Our drop in replacements saves time and money providing the option of replacing the whole assembly. Solution has never come so easy then with Four Seasons.

Designed and Tested to the O.E. Specifications • Each assembly is vehicle specific for fit, form, and function • Built with Quality Components • O.E. style connectors for exact fit and trouble free connections
